Dear FOIA Coordinator:

In accordance with the Michigan Freedom of Information Act (PA 442 of 1976), I am formally requesting to review the following documents, which I believe are under the control of the school district:

Any and all records, information and communication, including, but not limited to, email, letters, memos, reports and recordings, made by the district administration, its staff and contractors, regarding calculations and projections, of the district's operations and maintenance (O&M) costs through the year 2010 (the first few years of the new high school's operation), and similar documents regarding calculations and projections of how the costs will be covered, and from where the revenues are expected.

If any items are in electronic form and most easily delivered in electronic form, it would be fine to receive them in that form in order to avoid time and cost. Those items that are currently only available in hard copy or that are very easily printed out (e.g., emails), I can review in hard copy form.

I anticipate the only charge will be for copies of any documents I request. If you anticipate additional charges, please contact me to discuss the reasons for the additional charges and the estimated additional expense.

If this request is denied in whole or in part, please describe the item and justify the rejection(s) by reference to specific exemptions under FOIA. I also expect you to release all segregable portions of otherwise exempt material. Regardless, I understand that I will hear from you in connection with this request within 5 working days.

Please email me to set up an appointment to review the material. I can be contacted at the address and email address below.

Sincerely,

Alan Pagliere
